## READ IN THE SENATE

Washington's Farewell Address Listened to by the Senators.

## INDIAN APPROPRIATION BILL.

House Passes the Deficiency Appropriation Bill and Begins the Consideration of the Naval Bill—Co-nage Committee's Report on the International Monetary Conference—Other Washington News.

WASHINGTON, Feb. 23.—The senate spent its first hour yesterday in listening to Washington's farewell address, read by Mr. Daniel of Virginia, and then turned its attention to the Indian appropriation bill. It involved a contest over sectarian Indian schools. The clause directing temporary contracts with these schools, when no government schools were available, was agreed to, 61 to 8.

A provision was added declaring it to be the settled policy of the government hereafter to make no appropriations whatever for the support of sectarian schools. A further amendment offered by Mr. Gallinger, directing that all appropriations to sectarian schools end on June 30, 1898, went out on a point of order, which the senate sustained, 28 to 22. The Indian bill is still under consideration.

A veto from Mr. Cleveland on a private pension bill brought out sharp criticism from Mr. Gallinger against the president's course. Mr. Morgan brought out in the course of inquiries that the passage of all these bills would involve less expense than the amount which went to the syndicate taking the bond issue. Mr. Hoar also commented on the modern methods of criticising the pension bills.

Mr. Allison warned the senate that hard work would be required to get through the appropriation bills on time, and a resolution for 11 o'clock sessions was adopted, the prospects being that night sessions will follow soon.

### In the House.

WASHINGTON, Feb. 23.—The house yesterday passed the general deficiency appropriation bill and began the consideration of the last of the money bills, that providing for the naval establishment. A long debate occurred over the propriety of the appropriation of \$1,810,000 for the Southern Pacific railroad under the judgment of the court of claims, but the house by a vote of 102 to 188 refused to strike it out. The members who favored the appropriation for the repayment to members of the last congress of salary withheld from them on account of absence carried their fight into the house, but they were beaten 96 to 122. Sixteen of the 48 pages of the naval bill were completed.

The attempt of Mr. Grosvenor (Rep., O.) to secure an amendment to retain session employs on the roll after March 4 until March 15, when the extra session would begin, drew from him when pressed as to whether he was "authorized" to officially proclaim an extra session the good natured admission that he was "authorized to assume" there would be an extra session.

### NAVAL APPROPRIATIONS.

Committee's Report Favors an Increase in Expenditures Over Last Year.

WASHINGTON, Feb. 23.—The report of Chairman Bontele of the house committee on naval affairs on the naval appropriation bill, explains the policy adopted by the committee on the cost of armor plate. It covers the entire ground heretofore gone over by Secretary Herbert, and says the committee regards the secretary's report as an estimate. The reason heretofore given for not fixing the price of armor or providing for an armor plate plant are set forth. The report shows that the bill carries \$32,165,234, an increase over last year of \$1,602,573, and a reduction from the estimates of the department of \$2,050,702. Most of the increases in the amount over last year are involved in the expenses incident to the building of the new navy.

### INTERNATIONAL CONFERENCE.

Committee on Coinage Will Recommend Giving the President Full Power.

WASHINGTON, Feb. 23.—The report on the bill for an international monetary conference decided upon by the house committee on coinage has been prepared by Mr. C. W. Stone of Pennsylvania, chairman of the committee.

### NATIONAL CONFECTIONERS.

NEW YORK, Feb. 23.—The executive committee of the National Confectioners' association, in session here, has decided to hold the next annual convention at Atlantic City, N. J., on July 13, 14 and 15. A special committee was appointed to look after the interests of the wholesale confectioners in the expected tariff revision.

### BELLMAKERS' STRIKE.

BUFFALO, Feb. 23.—The local Bellmakers' union ordered a general strike in every Buffalo shop but one yesterday and over 800 men have quit work. The union is very strong in this city, being organized to the full extent of the trade. There are five big boiler factories here.

### CUT HIS ARTERIES.

COLUMBUS, O., Feb. 23.—Otto Kratzsch of the Milwaukee Brewers' union severed arteries in both wrists and is probably dying at St. Francis' hospital. He had no money, was out of work and had gone to the city prison for safe keeping.

### TWO CHILDREN BURNED TO DEATH.

PERRY, O. T., Feb. 23.—The children of John Gain, a farmer living near here, set fire to the grass in their dooryard. The clothing of Nora, aged 4, and of a boy, aged 2, caught fire and both were burned to death.

### KILLED BY THE CARE.

PADUCAH, Ky., Feb. 23.—James Sykes, lime repairer for the Western Union Telegraph company, was run over and killed by a train at Hickory Grove.

### AUSTRALIAN BALL TEAM COMING.

MELBOURNE, Feb. 23.—An Australian baseball team has decided to make a tour of the United States and will sail on the Monowai for San Francisco.

## INDIGNANT GREEKS

Massmeeting Protests Against Bombardment of Insurgent Camp.

## SHOUTS WERE RAISED FOR WAR.

Speakers Declare the Country Is Ready to Sacrifice Blood and Treasure for Crete—Ministers Say the Government Is In Perfect Accord With the People. Armistice Proposed.

ATHENS, Feb. 23.—A great indignation meeting was held here yesterday in order to protest against the bombardment by warships of the powers of the insurgent camp near Canaea. Shouts were raised for war and the speakers vehemently declared that the country was now fully determined to sacrifice its blood and treasure in aid of Crete.

PRÉMIER DEL YANNIS addressed a crowd of people from the terrace in front of the ministry of finance, and declared that the cabinet was in perfect accord with the nation, which might be assured that the government will do its duty.

It is reported that the minister of war has resigned. The minister for foreign affairs has called at the foreign embassies and has lodged a protest against the bombardment of the insurgent camp by the foreign warships.

The English, Italian and Russian consuls have returned from Selinos, accompanied by 170 Musselman fugitives. They were unable to hold conferences with the chiefs of the belligerents who are conducting a war of extermination. Both sides have mutually massacred prisoners. Two thousand civilians and 250 Turkish soldiers are resisting the advance of the insurgents with three cannon. Their position is extremely critical. The consuls proceeded to Cadano on board a ship. The Christians there, although advised of their arrivals, fired on the consuls in spite of the white flag of truce which they carried. The consuls returned to Selinos where the Christians occupied fresh positions. Here, also, the consuls were fired upon, the shots falling all around the ship.

The insurgents have rehoisted the flag at Halepa, but they have not fired on the Turks, who have planted a flag 1,500 yards from the insurgents position.

Fifteen Christians, including three names of the Elias convent, were wounded by bombardment. Five thousand insurgents arrived within half an hour after firing commenced. Advices from Candia are to the effect that the water supply has been diverted and that the governor has twice vainly asked for

admirals to land marines.

The British, Italian and Russian consuls proposed an armistice of one week at Selinos. This proposition was accepted by both Mussulmans and Christians.

No insurgents were killed by the warships on the insurgen-

position. The damage done was purely material. The French and Italian warships did not open fire, because the Greek flag was lowered by the insurgen-

ts before their turn came.

## OHIO VALLEY FLOODS.

Fifty Feet of Water at Cincinnati and Still Rising.

CINCINNATI, Feb. 23.—The river here is 50 feet and rising. Specials report almost unprecedented high water in the Monongahela, both Kanawha and Elk and West Fork rivers in western Pennsylvania and West Virginia. The West Virginia and Pittsburgh railroad near Clarksburg has been blocked by washouts and other roads are threatened. Unless more rain falls, the rise here is not likely to go above 55 feet.

## KENTUCKY HIGH WATERS.

LOUISVILLE, Feb. 23.—The river here is rising at the rate of four inches an hour. Specials last night report considerable damage throughout the state by high water. Part of Pineville is flooded. Mrs. Jackson and child were fatally hurt at Middletown by the collapse of a tenementhouse. At Lancaster H. O. Arnold was struck by lightning and killed.

## CONSUL GENERAL LEE.

He Wants Instructions to Demand the Release of American Citizens.

NEW YORK, Feb. 23.—A dispatch from Havana, Cuba, says that Secretary of State Olney has demanded here and in Madrid a full explanation and prompt investigation of the death of Dr. Ricardo Ruiz. The status of the Scott case is unchanged. General Lee has asked that he be instructed to demand the release of all American citizens who are held in Cuba under circumstances of illegality, similar to those which characterized the Ruiz case. These instructions will have to be forthcoming or a new consul general sent to Havana. General Fitzhugh Lee, the descendant of two signers of the Declaration of Independence, can not and will not allow his name to be associated with a policy of ignominy and surrender.

## ADMIRALS SAY THEY CANNOT CONTROL THE INSURGENTS WITHOUT GREATER AUTHORITY.

PARIS, Feb. 23.—An official dispatch received here late yesterday from Admiral Pottier, the commander of the French squadron off Canaea, Island of Crete, states that the admirals have informed their respective governments that anarchy continues to increase in Crete and that they cannot any longer be answerable for the avoidance of conflicts unless they are authorized to prevent the landing of all provisions and powers obtain the recall of the Greek troops and warships.

The admiral adds that during Sunday, in spite of the repeated protests of the commanders of the foreign fleets, the insurgent outposts continued to advance and engaged in a fusillade with the Turkish outposts before Canaea. After consultation the British, Austrian, German and French governments have issued a joint statement to the effect that they will not be answerable for the avoidance of conflicts unless they are authorized to prevent the landing of all provisions and powers obtain the recall of the Greek troops and warships.

## WANT MORE POWER.

Admirals Say They Cannot Control the Insurgents Without Greater Authority.

PARIS, Feb. 23.—An official dispatch received here late yesterday from Admiral Pottier, the commander of the French squadron off Canaea, Island of Crete, states that the admirals have informed their respective governments that anarchy continues to increase in Crete and that they cannot any longer be answerable for the avoidance of conflicts unless they are authorized to prevent the landing of all provisions and powers obtain the recall of the Greek troops and warships.

DR. MILES MEDICAL CO., Elkhart, Ind.

The legislative apportionment bill has passed both houses and awaits the approval of the governor.

Ohio republicans are happy over the settlement of the senatorial fight for Senator Sherman's successor.

The rival classes at the Indiana University have decided to call off their annual "scrap" and be good.

The passage of Representative Nicholson's anti-quart shop bill would meet the approval of the majority of the people in the state.

It is believed that Governor Bradley's visit to Canton will help materially in disentangling the affairs of the republican party in Kentucky.

Governor Bushnell, it is announced will be a candidate for re-election to the governorship of Ohio. This leaves the senatorial field entirely clear for Hanna.

S. E. HAGH yesterday transferred the Columbus Republican to Wilfred Tracy Stott, a son of President W. T. Stott, of Franklin college. Mr. Stott is well equipped for the newspaper work and will prove himself to be the right man at Columbus. The Republican will surely prosper under his management.

A REPUBLICAN tariff means a source of ample revenue, a safeguard of the American standard of wages, and a reasonable encouragement to the development of home industries. It will take a tariff of some positive qualities to remove deficit now piling up to say nothing of the comfortable annual surplus which is admitted to be so much better than a balance on the wrong side.

The bill by Mr. Jernegan restricting the employment of women and children in factories has passed both houses. It prevents the employment of children under fourteen years, permits the employment of boys under sixteen and girls under eighteen not more than ten hours per day, and provides for a complete system of factory inspection. The bill is considered to be in the line of a much needed reform.

For a new man in politics Hanna has made a remarkable record. A year ago he was regarded as a novice in politics and now he has just plucked one of the best plums. He brought to his management of a political campaign the same business shrewdness made him so successful as a business man and that shrewdness brought an unparalleled success in the political canvas of last fall.

The house yesterday passed the building and loan bill. It abolishes the expense fund and withdrawal fees, limits the membership fees to 25 cents per share, taxes stock and provides for an examination by the auditor of state upon demand of ten stockholders. These provisions meet the most flagrant abuses which have been practiced by some of the associations during the last few years. While all will not agree on every feature of the bill, in the main it will give satisfaction. In abolishing the expense fund the legislature has taken a good long step forward.

### DROWNED.

Olin F. Weather's Drowned in White River This Afternoon.

Just as the REPUBLICAN goes to press word comes that C. F. Weathers has been drowned in White river this afternoon. He and Aaron Cross and Walter Zimmerman were hunting and crossed over to Mitchell's Island, just below the new bridge. The island was under water and in crossing a swift current upset the boat throwing the men out of the water. Cross and Zimmerman threw off their boots and what clothing they could and kept up until rescued by some German boys. Weathers had on some heavy hunting boots and was unable to get them off. They filled with water and made it impossible to keep his head above water and he went down in sight of his companions.

### Water Works Bill.

At noon to-day Mayor Balsley received a message from Senator Schneck stating that the senate committee had made a favorable report on the water works bill which was prepared by City Attorney O. H. Montgomery Senator Schneck has been urging such a report for several days. If the bill should become a law it would remove all obstacles in the way of Seymour purchasing the water works plant hers.

The paragraph in water works ordinance, passed by the Seymour city council March 7, 1889, referring to the purchase of the plant reads as follows:

Sec. 21. The city of Seymour shall have the right at the expiration of ten years, or any period of five years thereafter, to purchase the works of the grantee or assigns, together with their extensions, rights and franchises, upon giving the grantee or his assigns six months' notice thereof in writing, the valuation thereof to be determined by two hydraulic engineers, not in the employ of the city, or grantees or assigns, the city choosing one, the grantee or his assigns choosing one, and in case of the failure of the two to agree, a third arbitrator is to be chosen by the first two, and a valuation of the works and franchise by these commissioners, or, if they fail to agree, by a majority of them shall fix the sum to be paid by the city to the grantee or his assigns. And if the city shall fail to purchase the works when appraised, the expense of the appraisement shall be borne by the city, and the contract between the city and the grantee shall continue for the period passed over and the unexpired term of the franchise.

## READ IN THE SENATE

Washington's Farewell Address Listened to by the Senators.

## INDIAN APPROPRIATION BILL

House Passes the Deficiency Appropriation Bill and Begins the Consideration of the Naval Bill—Commerce Committee's Report on the International Monetary Conference—Other Washington News.

WASHINGTON, Feb. 23.—The senate spent its first hour yesterday in listening to Washington's farewell address, read by Mr. Daniel of Virginia, and then turned its attention to the Indian appropriation bill. It involved a contest over sectarian Indian schools. The clause directing temporary contracts with these schools, when no government schools were available, was agreed to, 51 to 8.

A provision was added declaring it to be the settled policy of the government hereafter to make no appropriations whatever for the support of sectarian schools. A further amendment offered by Mr. Gallinger, directing that all appropriations to sectarian schools end on June 30, 1898, went out on a point of order, which the senate sustained, 28 to 22. The Indian bill is still under consideration.

A veto from Mr. Cleveland on a private pension bill brought out sharp criticism from Mr. Gallinger against the president's course. Mr. Morgan brought out in the course of inquiries that the passage of all these bills would involve less expense than the amount which went to the syndicate taking the bond issue. Mr. Hoar also commented on the modern methods of criticising the pension rolls.

Mr. Allison warned the senate that hard work would be required to get through the appropriation bills on time, and a resolution for 11 o'clock sessions was adopted, the prospects being that night sessions will follow soon.

In the House.

WASHINGTON, Feb. 23.—The house yesterday passed the general deficiency appropriation bill and began the consideration of the last of the money bills, that providing for the naval establishment. A long debate occurred over the propriety of the appropriation of \$1,310,000 for the Southern Pacific railroad under the judgment of the court of claims, but the house by a vote of 102 to 138 refused to strike it out. The members who favored the appropriation for the repayment to members of the last congress of salary withheld from them on account of absence carried their fight into the house, but they were beaten 96 to 122. Sixteen of the 48 pages of the naval bill were completed.

The attempt of Mr. Grosvenor (Rep., O.) to secure an amendment to retain session employees on the roll after March 4 until March 15 when the extra session would begin, drew from him when pressed as to whether he was "authorized" to officially proclaim an extra session the good natured admission that he was "authorized to assume" there would be an extra session.

## NAVAL APPROPRIATIONS

Committee's Report Favors an Increase in Expenditures Over Last Year.

WASHINGTON, Feb. 23.—The report of Chairman Boutelle of the house committee on naval affairs on the naval appropriation bill, explains the policy adopted by the committee on the cost of armor plate. It covers the entire ground heretofore gone over by Secretary Herbert, and says the committee regards the secretary's report as an estimate. The reasons heretofore given for not fixing the price of armor or providing for an armor plate plant are set forth. The report shows that the bill carries \$32,165,234, an increase over last year of \$1,602,573, and a reduction from the estimates of the department of \$3,050,702. Most of the increases in the amount over last year are involved in the expenses incident to the building of the new navy.

## INTERNATIONAL CONFERENCE.

Committee on Coinage Will Recommend Giving the President Full Power.

WASHINGTON, Feb. 23.—The report on the bill for an international monetary conference decided upon by the house committee on coinage has been prepared by Mr. C. W. Stone of Pennsylvania, chairman of the committee.

## Boilermakers' Strike.

BUFFALO, Feb. 23.—The local Boilermakers' union ordered a general strike in every Buffalo shop but one yesterday and over 800 men have quit work. The union is very strong in this city, being organized to the full extent of the trade. There are five big boiler factories here.

## Missouri Marriage Law.

JEFFERSON CITY, Mo., Feb. 23.—The legislature yesterday passed a law which prohibits any person from solemnizing marriages who is not a citizen of the United States. No foreign bishop or priest can legally perform the marriage ceremony in Missouri until they become citizens of the United States.

## National Confectioners.

NEW YORK, Feb. 23.—The executive committee of the National Confectioners' association, in session here, has decided to hold the next annual convention at Atlantic City, N. J., on July 13, 14 and 15. A special committee was appointed to look after the interests of the wholesale confectioners in the expected tariff revision.

## Gored to Death by a Cow.

HENDELL, Ky., Feb. 23.—While Mrs. Frank Hall of Sebree, a village near here, was attempting to rescue her 3-year-old daughter from a cow, she was attacked by an infuriated bovine and fatally gored in the chest. The maddened beast then fiercely trampled the life out of the bleeding woman before assistance could arrive. The child was rescued unharmed.

## Consul General Lee.

NEW YORK, Feb. 23.—The executive committee on coinage will recommend giving the president full power.

WASHINGTON, Feb. 23.—The report on the bill for an international monetary conference decided upon by the house committee on coinage has been prepared by Mr. C. W. Stone of Pennsylvania, chairman of the committee.

## Emperor William Confined to His Room.

PADUCAH, Ky., Feb. 23.—James Sykes, line repairer for the Western Union Telegraph company, was run over and killed by a train at Hickory Grove.

## Are You Thin?

Look about you! See for yourself! Who suffer most from sleeplessness, nervousness, nervous dyspepsia, neuralgia, despondency, general weakness? Who are on the edge of nervous prostration all the time? Those who are thin, Opium, chloral, bromides, headache powders, only make matters worse. Iron and berries are only stimulants. To be cured, and cured for good, you need a fat-making food.

You want new blood, rich blood; and a strong nervous system.

## SCOTT'S EMULSION

Cod-liver Oil with Hypophosphites is all this. It feeds the tissues, makes rich blood, and strengthens the nerves.

### DROWNED.

Clint F. Weather's Drowned in White River This Afternoon.

Just as the REPUBLICAN goes to press word comes that C. F. Weathers has drowned in White river this afternoon. He and Aaron Cross and Walter Zimmerman were hunting and crossed over to Mitchell's Island, just below the new bridge. The island was under water and in crossing a swift current upset the boat throwing the men out of the water.

Cross and Zimmerman threw off their boots and what clothing they could and kept up until rescued by some German boys. Weathers had on some heavy hunting boots and was unable to get them off. They filled with water and made it impossible to keep his head above water and he went down in sight of his companions.

Water Works Bill.

At noon to-day Mayor Balsley received a message from Senator Schneck stating that the senate committee had made a favorable report on the water works bill which was prepared by City Attorney O. H. Montgomery Senator Schneck has been urging such a report for several days. If the bill should become a law it would remove all obstacles in the way of Seymour purchasing the water works plant here.

AN EDUCATIONAL INSTITUTION

Seeking a Location and Makes Enquiry About Seymour.

PEASANT VALLEY.

Mrs. John Gallimore is on the sick list.

Mayor Balsley has received a letter from the promoters of an educational institution who are seeking a desirable location. They think Seymour would be such a place and therefore desire to have our people consider their plans.

They give good references and claim to have plenty of money back of them.

Mayor Balsley will at once open correspondence with them and learn the conditions and merits of the propositions they desire to make.

Object to Judge Voyles.

The case of John Sexton, John Brown and Robert Land, charged with killing John C. Rippey, December 29 was called for trial before Judge Voyles at Salem yesterday. The defendants filed an affidavit averring that they could not get justice under Judge Voyles on account of bias and prejudice.

A special judge will be appointed to try the case. Prosecutor Honan represents the state and Hon. Jason B. Brown the defendants.
